Executive Dashboard provides Key Performance Indicator information to retail managers as a secure online service.

Executive Dashboard brings together information from all of a retail-ers stores and shows real-time retail KPI's. The solution is particu-larly appropriate for franchise or multi-site retailers as different users can be provided with access to selected store data on a secure basis. The system uses Microsoft Silverlight to present the data in the browser so it is accessible from anywhere in the world. The Citrus-Lime Executive Dashboard provides Key Performance Indicators as a fully hosted solution with minimum set-up for Microsoft RMS, POS and Citrus-Lime ecommerce solutions. Full graphical drill-down gives immediate access to executive data across multiple sites and channels in a simple and easy-to-use real-time format.
